# GoToWebinar

The screenshot displays the GoToWebinar control panel interface. At the top, there is a menu with 'File', 'View', and 'Help'. Below this, the 'Audio' section is highlighted with a red box, showing options for 'Full Screen', 'Window', 'Auto-Hide the Control Panel', and 'Hide Control Panel'. A 'Default Control Panel Layout' section is also visible, with 'Save this Startup Layout' highlighted. Below the audio settings is a 'Questions' section with a text input field containing '[Enter a question for staff]' and a 'Send' button. At the bottom of the interface, there is a promotional message: 'Start Holding your Own Web Events with GoToWebinar Webinar ID: 977-124-241' and the GoToWebinar logo.

- You can open and close your control panel.
- View, change and test your audio.
- Submit text questions anytime and respond to questions I pose. (No one else can see your chat.)

# Win #1

**I have been the Director of Development for exactly one year now at a wonderful small not for profit. My dream job! My "big" win is that after one year, I finally feel like I have my legs under me. I am making daily progress with my to do list of projects and we have begun to see results. My team is believing in me more and more.**

**My latest win: I found a foster home for a dog named Bruno. His owner is in a sober living facility. The facility does not take dogs. The owner had a choice of not entering the facility and getting the help she needed, or abandoning her beloved pet to an animal shelter with the possibility of her pet being euthanized. I'm so proud to have saved two lives.**

# Win #3

**My latest win: Getting raises for my team! This past FY my sustaining member coordinator brought in over \$1.8 million (up from \$1.5 million the prior FY) in sustainer (monthly giver support) and she increased the number of sustainers by 2,000 people. I went toe-to-toe with our CEO and pushed for and won raises for all my team. Recognizing the hard work my team does is one of the most important things for me. Not only do they work hard at their job everyday, but they also wear so many hats at our station that if I can make their lives a little easier and let them know how much they are appreciated- that for me is a win.**
